**Short description of project**
The universities of Sarajevo, Banja Luka, Osijek and Novi Sad have all signed Bologna’s declaration and in the same time they made a decision to change curricula in accordance with Bologna declaration, in 3+2 principle. Main goal is the creation of teaching curricula and syllabus for undergraduate and postgraduate studies with other faculties of Agriculture in European Countries within the
scope of this project. Immediate goal is to establish new curricula at the Institute for Veterinary Medicine in Sarajevo, Faculty of Agriculture, Banja Luka; Faculty of Agriculture, Mostar, Faculty of Agriculture, Osijek and Faculty of Agriculture, Novi Sad. Only that kind of curricula and syllabus will enable professor-student mobility which Bologna’s declaration ensures.

**Short description of the task performed by Croatian partner**

**Project task:**

- Evaluation of HFA200 course (the course of animal breeding-theory);
- Preparation of textbook on SAS program- Introduction to SAS (Statistical Analytical Programme), preparation of workshops, translation of Norwegian HFA200 Course into Croatian language.
