### Acronym: STSFCP

### Name: Soil tillage systems and fertilization in crop production

### Contract number: klasa:910-08/08-01/00065, urbr:533-06-08-0002

### Action line: Bilateral projects

### Type (Programme): Croatia-Serbia bilateral cooperation

### Funding scheme: State budget for year 2008

### Project cost: 10.650,00 HRK (1.500,00 EUR) per year

### Project funding: 10.650,00 HRK per year

#### Project coordinator

**Organisation Name:** Maize Research Institute "Zemun Polje"  
**Organisation address:** Slobodana Bajića 1, 11185 Zemun, Serbia  
**Organisation country:** Serbia  
**Contact person name:** dr. sc. Živorad Videnović  
**Contact person email:** zvidenovic@mrizp.co.yu

#### Croatian partner

**Organisation name:** Faculty of agriculture Osijek  
**Organisation address:** Trg Sv. Trojstva 3, 31000 Osijek, Croatia  
**Contact person name:** doc. dr. sc. Danijel Jug  
**Contact person tel:** +385 31 224 232  
**Contact person e-mail:** djug@pfos.hr

**Short description of project**

Main goal of this project is improvement of soil tillage management in crop rotation. Research and results of different reduced soil tillage treatments for field crops (e.g. winter wheat, soybean, maize) are very important in Croatia and Serbia, because of very similar agro ecological conditions (e.g. climatic, soil types, etc).

**Description:**

- Research and results of different reduced soil tillage treatments for field crops (e.g. winter wheat, soybean, maize) are very important in Croatia and Serbia, because of very similar agro ecological conditions (e.g. climatic, soil types, etc).

**Short description of the task performed by Croatian partner**

According research of influence of different soil tillage treatments will perform: publication of scientific and professional paper, manuals, organizing of round table, scientific meeting and other activities.

**Project task:**

- According research of influence of different soil tillage treatments will perform: publication of scientific and professional paper, manuals, organizing of round table, scientific meeting and other activities.
